

Our Spiritual Life Coach Certification program is built on true and deep transformation, equipping our students with a specific spiritual knowledge and healing skillset. Sophie holds a masters in transpersonal psychology along with 10,000+ hours of 1 to 1 experience working with individuals in healing trauma, inner child work, strategic life planning, spiritual development, and energy work among many other areas in life that have led others through a life transforming process.

Our Spiritual Life Coaching (SLC) certification program meets very high standards of quality, integrity, real life healing experience, standards of excellence, and the tools to stand up a life coaching practice upon graduation on any budget. There are over 100 plus hours of training, that include lectures, reading, writing papers, shadowing coaching sessions, as well as coaching others in the cohort to prepare the student with the skillset to begin coaching clients upon graduation. This program operates with truthfulness, and all students must prove their readiness to receive this certificate by passing the final exam, submitting all weekly assignments and getting an 85% or higher throughout the 5 months of coursework. Once a person has completed the Certification and passed the Final exam, they can work as a Certified Spiritual Life Coach and offer the service in the state of Florida or elsewhere and become part of our Spiritual Life Coaching online directory for as long as their certification status remains active and in good standing. (See below.)

The SLC Certification gives students the identity and title of being a Certified Spiritual Life Coach. As well as the use of:

- Trademarked Certification Seal
- Our branded Worksheets to use with clients from our online resource center
- A bio and picture in our graduate directory explaining their new business
- Chance to be featured in our quarterly newsletter
- Access to our Private Facebook Group for our Certified graduates

To remain in good standing with an active Certification status graduate need to renew the certification every two years, from the day they have completed and passed the course and became Certified. (The date of closing ceremony listed on certificate.)

A CEC is a Continued Education Credit. For renewal, graduates need 10 credit hours a year, 20 total hours at the end of the 2-year renewal period. The credit hours can come from a course, program, seminar, or educational, spiritual, transformational experience that offers a certificate showing participation and the hours acquired.

Renew + Submit 20 CEC's: \$199

- Submit 20 CEC hours
- This fee keeps Certification status active:
 - gives graduates the permission to use the entire library of worksheets, videos, and tools that we have covered in the course with paying clients
 - allows the use of our certification seal as a Certified Spiritual Life Coach
 - provides opportunities to submit their own videos to be featured on our website

Renewal Tracking:

We have a database that contacts you to renew your status 60 days prior to your renewal date.

- This gives you time to complete your 20 CEC's and make your payment.
- You will then be sent a revised Certificate, valid for the next 2 years.
- If you do not renew, your certification status becomes inactive.
